#### ***When using this product***

First aid to help prevent skin infection in minor cuts, scrapes and burns  
  
In case of deep or puncture wounds, animal bites, or serious burns, consult a physician.

#### ***Stop use and ask a doctor if***

Stop use and consult a physician if the condition persists or gets worse.  
Do not use if allergic to any ingredient listed on this label.

#### ***If pregnant or breast-feeding***

#### ***Keep out of reach of children***

Keep away from children.

#### ***Directions***

Clean the affected area. Apply a small amount of this product (an amount equal to the surface area of the tip of a finger) on the area and rub gently using a cotton swab. If not completely rubbed in after a 20-second rub-in, too much product was used. Repeat the process three times daily. For best results, refrigerate this product to reduce oxidation rate; to preserve effectiveness and color (normally orange). Discard this product if color turns black.

#### ***Other information***

#### ***Inactive ingredients***

Water, glycerin, hydroxethylcellulose, chlorhexidine gluconate, glucono delta lactone, methylparaben, sodium hydroxide, dipropylene glycol, dimethyl sulfoxide, sorbic acid, ascorbic acid, magnesium stearate, stearic acid, sodium bicarbonate.
